### GET STARTED IN TWO STEPS

1

#### Create your account

Tap **Continue with phone number** and enter the 6-digit code we text you. Google or email work too.

2

#### Link to your membership

Choose who you are, enter the primary member's first name and the family email on file, then tap **Find my membership**. Used Google or email? Enter the family mobile instead.

**Not linked automatically? We've got you.** Most families are linked right away. If yours isn't, a committee member will review your sign-up and **link your account to your membership** – usually within a day. Just check back in the app.
